3 D Pumpkins:
Print the pumpkins onto card stock or decorative paper. You will need a minimum of 6 pumpkin shapes, but you can add as many as you like.

Cut out the pumpkins and fold in half. (on the line)

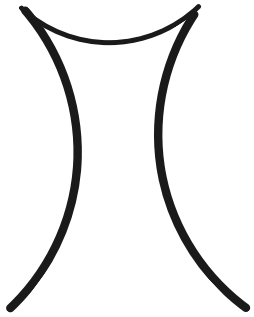

Stack the folded on the line.

Pick up two folded pumpkins and glue one side of each back to back. Add until you form a pumpkin that can stand alone.

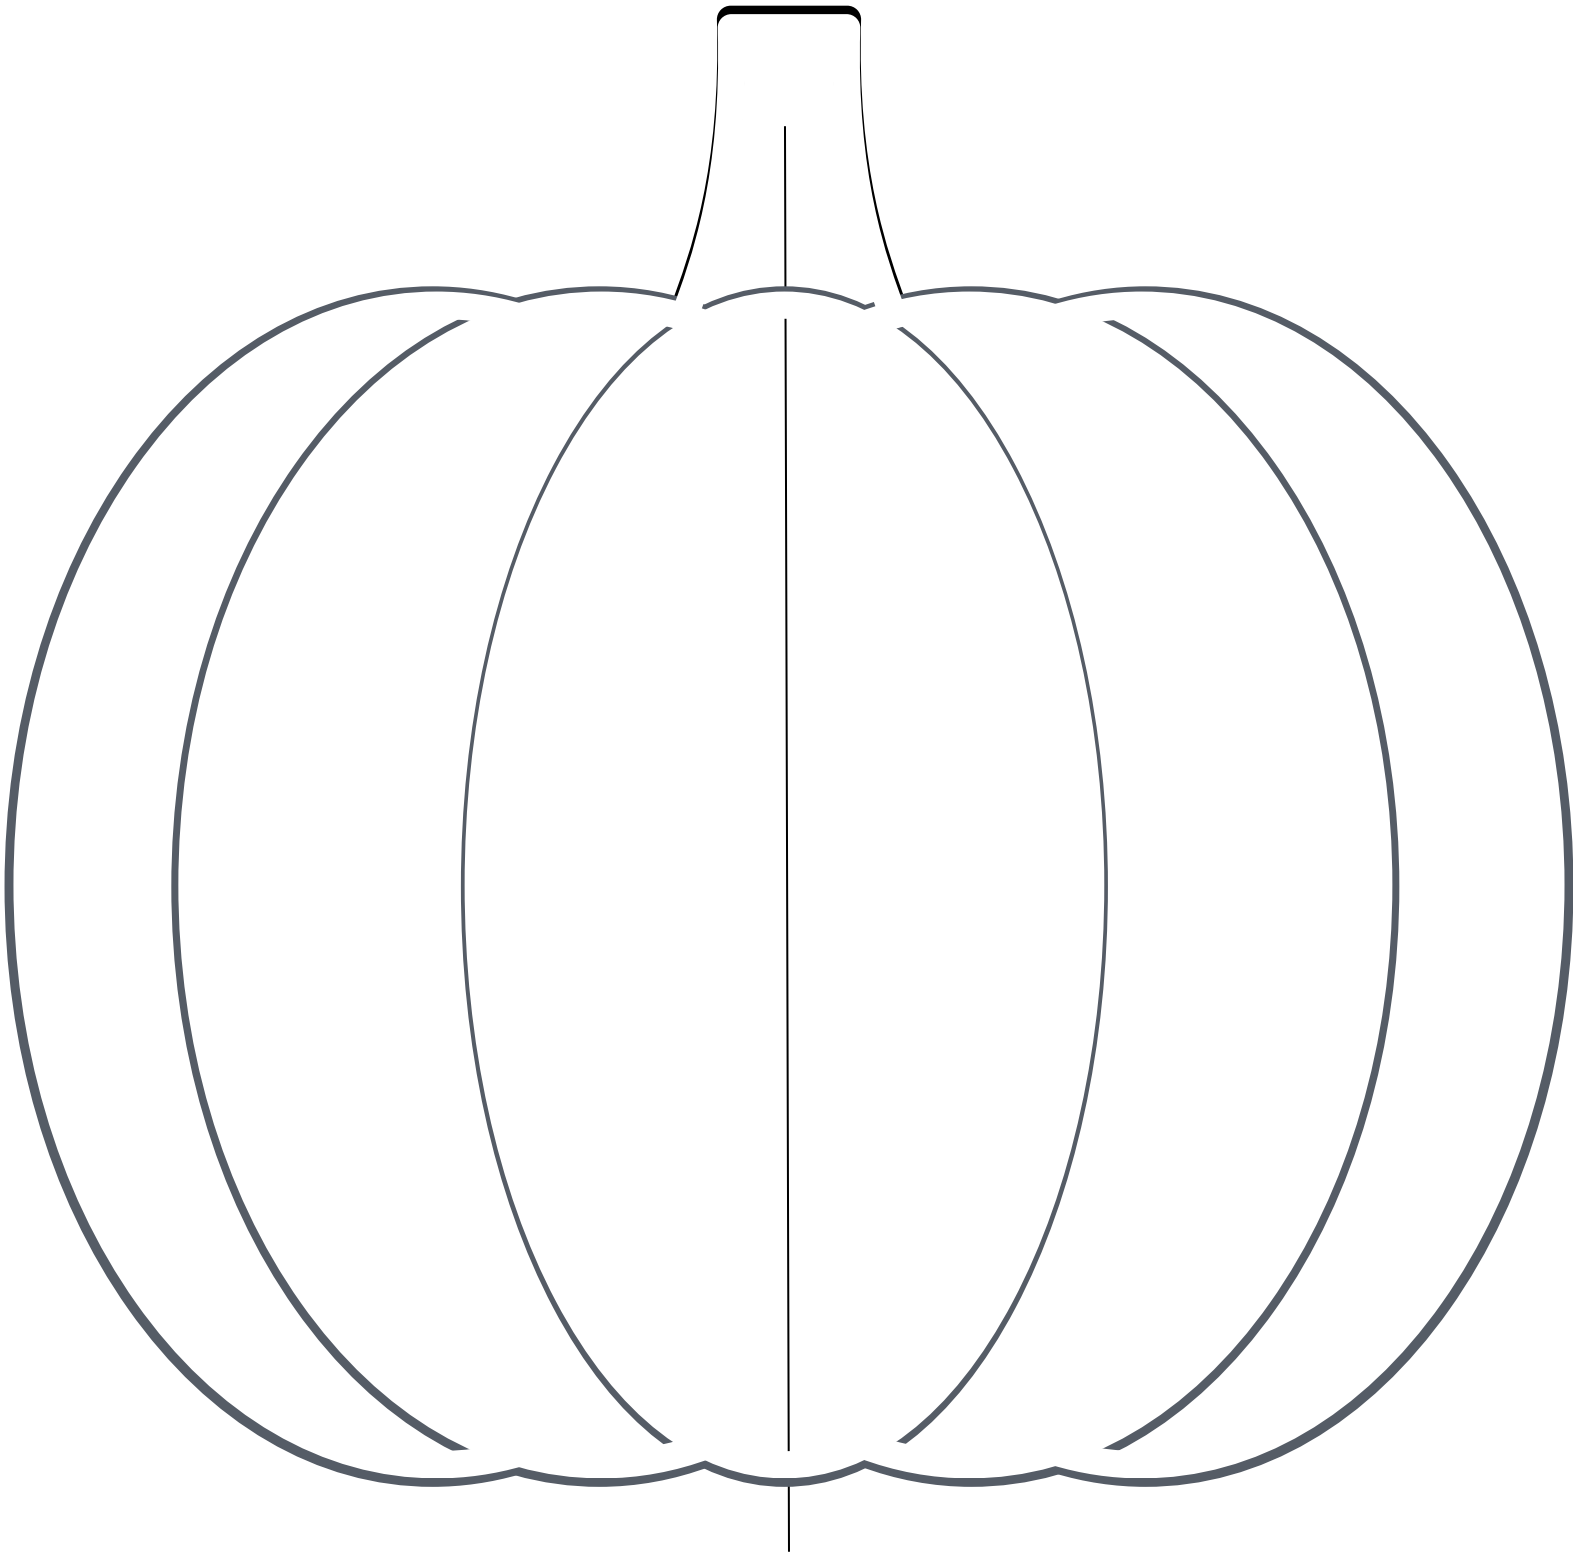

Cut out a stem from paper stem. Glue to the top. You can also you cinnamon sticks, dowels, twisted paper... anything to make a stem in the center of your pumpkin.

Cut out a leaf shape. Punch a hole and tie with twine to the stem. Add a name to each leaf as a place card.
